

A New
LEASE ON
Life in the
FAST LANE

Good joint health is crucial to your companion animal's wellbeing. The ability to walk, run and jump represents a large part of your pet's unique ability to express emotion. Unfortunately, aching and stiff joints are just as much a part of aging for pets as it is for humans.

At present, there are many hip-and-joint formulas marketed for companion animals,

however, most of these products treat the joint as an isolated goal.

That's why we created Life's Abundance™ Agility Formula For Dogs & Cats. Unlike other products that contain primarily glucosamine, this unique supplement is a holistic, multi-action formula that helps maintain the health of the entire musculoskeletal system, including bones, cartilage, ligaments and tendons.

Life's Abundance™

Agility Formula For Dogs & Cats

Agility Formula features MSM, glucosamine, sea mussels and hyaluronic acid (from Kolla2®). MSM (Methylsulfonylmethane) is a natural source of organic sulfur, vital to the maintenance of a healthy musculoskeletal system. Glucosamine is essential for the healthy development and ongoing maintenance of bone and cartilage tissue. Sea mussels help to support healthy joint structure and function, as well as to enhance the utilization of glucosamine. And hyaluronic acid helps to keep cartilage strong and flexible to better cushion joints. These nutrients work synergistically with the other ingredients in Agility (vitamins E and C, boswellia serrata, alfalfa leaf extract, chondroitin sulfate, manganese and boron) to supply your companion animal with a comprehensive formula to help maintain the health of the entire musculoskeletal system.

Plus, your sweet companion will crave the delicious flavor of Agility Formula For Dogs & Cats!

Product Facts:

Active Ingredients Per 1 Chewable Tablet (3g):
Methylsulfonylmethane (MSM) 600 mg
Glucosamine HCl (Shellfish Source) 500 mg
Perna Canaliculus
(Green Lipped) Mussel 300 mg
d-alpha tocopherol (Vitamin E) 50 IU
Ascorbic Acid (Vitamin C) 50 mg
Boswellia Serrata 50 mg
Alfalfa Leaf Extract (8:1) 50 mg
Chondroitin Sulfate
(Chicken Collagen Source) 15 mg
Hyaluronic Acid (From Kolla2®) 10 mg
Manganese 5 mg
Boron 0.1 mg

Inactive Ingredients:

Dicalcium Phosphate, Dried Pork Liver, Magnesium Stearate, Malt, Microcrystalline Cellulose, Natural Flavoring, Silica Aerogel, Stearic Acid, Sugar.

Cautions:

Safe use in pregnant animals or animals intended for breeding has not been proven. Consult with your veterinarian before using this product in animals: with clotting disorders; being treated with anticoagulant medications; diabetes, or any metabolic disorder causing hyperglycemia; history of urinary tract stones; known allergies to shellfish. If lameness worsens, discontinue use and contact your veterinarian. Administer during or after the animal has eaten to reduce incidence of gastrointestinal upset.

For use in dogs and cats only.

Recommended to support normal joint function and connective tissue health.

Directions for use:

Adult (over 6 months) dogs and cats use daily. Start with the Initial amount and decrease over a period of seven days as shown below to Maintenance amount.

	Initial	Maintenance
Up to 25 lbs.	1 tablet	- ½ tablet
25-49 lbs.	2 tablets	- 1 tablet
50-100 lbs.	3 tablets	- 1½ tablets
Over 100 lbs.	4 tablets	- 2 tablets

Warnings:

For animal use only.

Keep out of the reach of children and other animals. In case of accidental overdose, contact a health professional immediately.

Do not use if seal is broken or missing. Store at room temperature.

Available in 60 and 120 count bottles (chewable tablets).
