

So They Can
Live Each
of their nine lives
TO THE FULLEST

In honor of the important role cats play in our lives, we offer a recipe to fulfill their nutritional needs and satisfy their discriminating feline appetites. Life's Abundance® Premium Health Food For Kittens & Adult Cats is formulated with select ingredients to help your cat achieve and maintain optimal health.

This premium food features a diverse array of high-quality proteins to sustain growing kittens and adult cats. Unlike many competing formulas, Life's Abundance dry food contains guaranteed amounts of several beneficial ingredients, including: vitamins A, C and E, which provide

antioxidant support; a balance of omega-3 and omega-6 fatty acids; and probiotics. Other features include prebiotics and green foods. And to help preserve the nutritional value of each ingredient, we use a fast-cook process.

Bursting with the flavors cats of all ages love, this wholesome food contains no artificial colors or flavors, no corn or corn gluten, and no wheat or wheat gluten.

Choose Life's Abundance for your cat, because the recipe for a better life is more than just meeting the minimum requirements.

Iodide, Vitamin D3 Supplement, Vitamin B12 Supplement, Sodium Selenite, Folic Acid. Contains a source of live (viable), naturally occurring microorganisms.

Calorie Content:

Metabolizable Energy (ME) = 4,065 kcal/kg, 495 kcal/cup (calculated). Amounts are based on the use of a standard measuring cup.

Life's Abundance Premium Health Food For Kittens & Adult Cats is formulated to meet the nutritional levels established by the Association of American Feed Control Officials (AAFCO) Cat Food Nutrient Profiles for all life stages.

Feeding Instructions For Kittens:

When ready to eat solid food, begin feeding moistened kibble and "free feed" until fully weaned, between 6-8 weeks old. After weaning, feed the "Suggested Daily Amount" of dry kibble according to weight and add at least 25% more. **Individual Meal Feeding:** From 9 weeks on, divide the daily amount and feed 3-4 meals in a 24-hour period. **Free Feed:** Measure the entire daily amount into a dish and allow your kitten to eat at will over the course of a 24-hour period. This method of feeding may lead to obesity. Food requirements may vary for individual kittens.

Feeding Instructions For Adults:

Start with the suggested amount of Life's Abundance per day. Use the "Suggested Daily Amount" as a guideline. You can adjust the amount you feed by more or less depending on your cat's weight and body condition. Keep fresh drinking water available at all times.

Feeding Instructions For Pregnant And Nursing Queens:

Needs will increase during late gestation and especially nursing (up to three times normal requirements). Keep food available for nursing queens at all times.

Weight	Suggested Daily Amount
3 - 6 lbs.	1/4 to 1/3 cup
7 - 12 lbs.	1/3 to 1/2 cup
13 - 18 lbs.	1/2 to 3/4 cup

Available in 6.6 and 16.5 lb. bags.
